| Certification       | CE, FCC                                                                            |                       |                |
| IO Ports            |                                                                                    |                       |                |
| USB Port            | 1 x Keyboard, 1 x Mouse                                                            | Video                 | 16 x VGA       |
| Control             |                                                                                    |                       |                |
| Button              | 5 Keys: - , + , Power , Esc , Enter                                                |                       |                |
| Environment         |                                                                                    |                       |                |
| Operating Humidity  | 10% to 90% RH, Non-Condensing                                                      | Operating Temperature | 0°C to 50°C    |
| Storage Temperature | -10°C to 60°C                                                                      |                       |                |
| Accessory           |                                                                                    |                       |                |
| Accessory           | 88-Key keyboard and integrated Touch Pad<br>17-Key numerical key pad<br>Power Cord |                       |                |

DIMENSIONS

UNIT:MM

## NOTE

1. This is a simplified drawing and some components are not marked in detail.
2. Please contact our sales representative if you need further product information.
3. All specifications are subject to change without prior notice.
4. The product shown in this datasheet is a standard model. For diagrams that contain customized or optional I/O, please contact the Winmate Sales Team for more information.

## Assured Systems

Assured Systems is a leading technology company with over 1,500 regular clients in 80 countries, deploying over 85,000 systems to a diverse customer base in 12 years of business. We offer high-quality and innovative rugged computing, display, networking and data collection solutions to the embedded, industrial, and digital-out-of-home market sectors.
