IPPD-5500-9131

The IPPD-5500-9131 has a rugged appearance and a waterproof structure that provides IP65 waterproof and dustproof protection. The ultra-high brightness of 2500nits means that the video can be seen more clearly. The 16:9 size fits all types of applications. High-quality LCDs provide high-resolution, high-contrast images for the deepest blacks. Convenient functions such as remote control, automatic environmental dimming and IR control are built in.
