## Product Overview

The VMD 3111 is a robust 10.4-inch TFT LCD monitor featuring enhanced brightness, a projected capacitive touchscreen, and high-performance loudspeakers. Its IP65-compliant design ensures durability, protecting the device from dust and water ingress in challenging environments. The VMD3111, featuring HDMI connectivity, provides drivers with real-time insights into optimal routes, traffic conditions, and dispatch assignments. This visual enhancement significantly contributes to the safety and efficiency of fleet management systems. With a 1200 nit ultra-high brightness display and adaptive brightness control, it is an ideal solution for in-vehicle and outdoor applications.
