### INTRODUCTION

Antaira Technologies' **IMC-C100-XX Series** is a compact IP30 rated Ethernet-to-Fiber media converter featuring a 10/100TX Ethernet port and a fixed fiber interface supporting ST or SC connectors depending on the model. There are Multimode and Single-Mode models to support applications with a variety of fiber distances and types. It is designed to fulfill industrial applications that require fiber optic distance extension while using minimal space.

The IMC-C100-XX series has a built-in "Link Fault Pass Through" (LFP) and "Far End Fault" (FEF) function with 12~48VDC redundant power inputs with reverse polarity and overload current protection. This product series supports DIN-rail as well as wall mountable orientations and provides operating temperature range models in STD: -10°C to 70°C and EOT: -40°C to 80°C.
