Product Description

The ASL025-S is a high quality Day/Night camera with 120° viewing angle and 10 metres IR night vision. It is designed for internal mounting inside a vehicle to watch the contents/occupants during the day or night. The camera can also be mounted externally and is ideal for viewing the area to the rear of a vehicle.

It features heavy duty casing for extra durability. Supplied complete with 5 metres of cable for easy installation.

The ASL025-S can be used with the ASL400GPS or ASL15
